

High School Supply List

Given the comprehensive curriculum at the high school level it is difficult to provide an all-inclusive school supply list for high school students. As a general rule you can anticipate the need for:

- Writing utensils such as pens and pencils
- Paper in the form of spiral notebooks or loose leaf paper in a three ring binder.
- Many students carry backpacks since they travel to various classes throughout the day.
- If a student is in a PE class, they will need PE clothing such as shorts, t-shirts, and tennis shoes.
- Most math classes will provide calculators, but one for home use may be beneficial

Each teacher will provide a list of any additional supplies required for their specific class.
